NATO Stock No. 6850-32-087-9437

Synthetic Engine Oil
4T 10W-40

DESCRIPTION

LUPROMAX Oil with Heat Activated Technology™ is specially developed to LUBricates, PROtect and MAXimize your engine performance.

LUPROMAX AEGLE 4T 10W-40 is a premium synthetic engine oil developed for the latest generation 4-stroke motorcycle engines. LUPROMAX AEGLE 4T 10W-40 is designed specifically for bikers who love the exhilaration of riding. This technology enables highest performance in shift-feeling, acceleration, torque and power.

LUPROMAX AEGLE 4T 10W-40 with Heat Activated Technology™ provides a high level of protection, reduced vibration and engine noise, and enhanced shear stability for a quieter and smoother ride.

LUPROMAX Oil is engineered to provide maximum power for your riding experience

ADVANTAGES

- Help maintain engine cleanliness and continuously prevent dirt and sludge build-up
- Tested and proven to deliver improved power and acceleration at the touch of the throttle
- Excellent wear protection at high temperatures and highly effective protection from corrosion
- Excellent flow characteristics under extreme hot and cold operating conditions and contributes to fuel economy
- Good anti-oxidation properties to prevent premature ageing of oil
- Advanced control by smoothing clutch engagement, gear changes and preventing slippage
- Reduced friction and engine noise, enhances shear stability for a quieter and smoother ride

Synthetic Engine Oil
4T 10W-40

APPLICATIONS

LUPROMAX AEGLE 4T 10W-40 is designed to optimize performance and protection for 4-stroke motorcycle engine where JASO MA is recommended.

- LUPROMAX AEGLE 4T 10W-40 is specifically recommended for lubrication of 4-stroke motorcycle engines.
- LUPROMAX AEGLE 4T 10W-40 is specially design to give you confidence of protection beyond that of conventional oils.

STORAGE

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Product should not be stored above 60°C, exposed to hot sun or freezing conditions.

TYPICAL PROPERTIES

Properties	Method	LUPROMAX AEGLE 4T 10W-40
SAE Viscosity Grade	SAE J 300	10W-40
Kinematic Viscosity @40°C	cSt ASTM D445	98.69
Kinematic Viscosity @100°C	cSt ASTM D445	15.09
Viscosity Index	ASTM D2270	161
TBN mgKOH/g	ASTM D2896	6.59
Flash Point °C	ASTM D92	220
Pour Point °C	ASTM D97	-33
Density @15°C kg/l	ASTM D4052	0.861

AVAILABLE PACKAGING

20 liters pail/ 200 liters drum

HEALTH, SAFETY & ENVIRONMENT

- Health and Safety

LUPROMAX AEGLE is unlikely to present any significant health or safety hazard when used properly in the recommended application provided in the Material Safety Data Sheet (MSDS) are followed.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water. Guidance on Health and Safety is available on the appropriate Material Safety Data Sheet, which can be obtained upon request through your sales contract office, or via the internet.

- Protect the Environment

Take used oil to an authorized collection point. Do not discharge into drains, soil or water.
