PRODUCT INFORMATION

MAGNA DECARB INDUSTRIAL GRADE DEGREASER

Function: Heavy Duty Degreaser	Application: Heavy grease & grime	Form: Liquid
--	---	------------------------

DESCRIPTION

This safe and powerful Industrial Grade Liquid degreaser is made up of water-soluble solvents, emulsifiers and wetting agents. The prime object in developing this cleaner was to keep degreasing efficiency high while avoiding most of the risks common in powerful cleaners. The result is a product that combines maximum degreasing power with minimum hazard, and with anti-corrosion properties.

FEATURES

- MAGNA DECARB is non-explosive and unlike petroleum, it can be heated without danger. It is absolutely free from fire risk under all practical conditions
- MAGNA DECARB does not emit overpowering fumes like chlorinated solvents. It is not highly volatile and evaporates very slowly, giving off mild vapours. If MAGNA DECARB is placed at room temperature, evaporation will be minimized.

APPLICATIONS

Tools, Parts, Machinery: The heavy coating of oil and dirt that forms on surfaces may be completely removed by spraying or pouring concentrated MAGNA DECARB. Depending on condition, the degreaser should be allowed to soak into unwanted grease for 2 or more hours before rinsing with water.

Fuel Oil Spills: Spray or brush on concentrated MAGNA DECARB and allow soaking for 5-30 min. Rinse by hosing with water.

Wall Surfaces: Dilute 1 cup of MAGNA DECARB in a bucket of warm water. MAGNA DECARB will leave an absolutely clean wall without affecting the enamel paint.

Fuel Oil Burners: Soak the fuel oil burner in concentrated MAGNA DECARB for about ½ hr for a full-strength effect. Remove and rinse thoroughly with water.

Concrete Floors, Ramps, and Runways: Spray on affected area and agitate with brush and /or leave to soak for 15-30 min., then rinse off.

Restaurants: Cleans Exhaust Fans inside and out, hoods, cooking equipment, deep fryers. Spray on MAGNA DECARB and leave for a few minutes. Wipe off and rinse. Cleans grease off Floors and surrounding areas.

Excellent for Interior of Vehicles, Transports, R.Vs, Boats:

For Exterior: Works great to remove asphalt, tree sap, grease, oil, bugs and Diesel Soot from exhaust stacks. Spray on and wipe off. **MAGNA DECARB is an excellent engine shampoo.**

Removes Stains on walls, floors, ceramics, appliances, vinyl, leathers, plastics, blinds, enamels, brass and so much more.

DIRECTIONS FOR USE

According to the grease accumulation condition, MAGNA DECARB can be used either in concentrated form or be diluted with 5 to 10 parts of water. To achieve faster result in degreasing, hot water is recommended as the diluting agent. However, cold water will be a perfectly workable diluting agent. Use in concentrated form for floors and stoves. Wipe up immediately.
