

Your Corrosion Solution

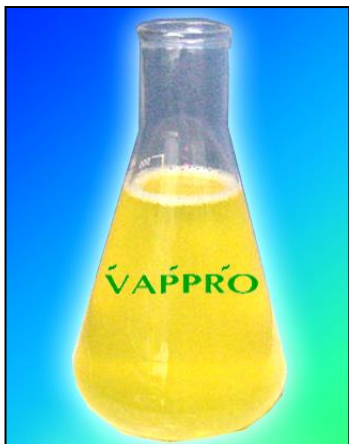

PRODUCT INFORMATION

VAPPRO 800

NATO STOCK NUMBER# 6850.32.076.1080

Function: Vapour Corrosion Inhibitor (VCI)	Application: Cleaner Degreaser	Form: Liquid
--	--	------------------------

DESCRIPTION

VAPPRO 800 is a water-based heavy-duty multi-purpose cleaner/degreaser. It is specially formulated using powerful detergents, emulsifiers, wetting agents and Vapour Corrosion Inhibitor to meet the requirements for cleaning all equipments including heavy vehicles while providing protecting metal surfaces from flash corrosion. This product will clean and dissolve grease, oils, road film, insect residues, smoke and soot, and similar types of accumulated debris from automobiles, large and small transport trucks, trailers, buses, taxis, boats, mobile homes, recreational vehicles, planes and farm equipment. When used with pressure washing equipment, this product provides effortless cleaning, rapid penetration through layers of buildup, and streak-free rinsing from surfaces.

VAPPRO 800 safely cleans and protects metal surfaces from corrosion at the same time. This product is safe for use on glass, aluminum and most types of painted and finished metallic surfaces. **VAPPRO 800** will not damage, dry or crack rubber and plastic moldings around windows and doors.

VAPPRO 800 is so versatile that it may be used by a wide variety of industrial and institutional facilities such as truck fleets, pipeline, refinery, oil rigs, auto and truck rental agencies, bus garages, commercial car washes, equipment rental companies, military equipment, military vehicles, mobile home and recreational vehicle dealers, vehicle maintenance shops and aircraft maintenance shops.

While most cleaning compounds available on the market today are simply blends of surfactants and detergents, **VAPPRO 800** offers improved cleaning plus corrosion protection. It cleans and protects your equipments at the same time.

VAPPRO 800 is widely used by several militaries around the world. It bears the **NATO STOCK NUMBER # 6850-32-076-1080**

FEATURES

- Heavy-duty chemical cleaner and degreaser with unique cleaning action through solubilization of hydrocarbon deposits
- Inhibitor against corrosion attack on metals leaves temporary protective coating
- Non-toxic, non-corrosive, phosphate free and biodegradable
- Provides excellent cleaning action at low temperatures

DIRECTIONS FOR USE

Dilution ratios vary according to degree of soil, type of soil to be removed, amount of sudsing desired, temperature and amount of pressure available with equipment.

Some suggested dilution is as follows:	
Heavy accumulations	1:30 with water
Cars, Taxis, Light Soils	1:50 with water
Boats, Mobile Homes, Recreational Vehicles	1:80 with water

PACKAGING

- 20 Litre pail
- 200 Litre drum

North & South America
