

VAPPRO 826 VCI FILM

Function:

Vapour Corrosion Inhibitor (VCI)

Application:

Packaging

Form:

Plastic Film

DESCRIPTION

VAPPRO 826 VCI Film is a significant breakthrough in protective packaging technology. It offers an innovative concept in corrosion protection eliminating the need for rust preventative coatings.

VAPPRO 826 VCI Film protects aluminum alloys and copper. It also provides excellent protection for ferrous metals, steel, and stainless steel. It does not change the critical electrical and mechanical properties of electronic and electrical components.

VAPPRO 826 VCI Film is registered with the **NATO STOCK NUMBER # 6580.32.076.1091.**

VAPPRO 826 VCI Film conforms to **British Test Method BSI IEC 68-2-30:1980** and **MIL-STD 3010C.**

FEATURES

- Heat sealable with standard equipment
- Can be tied, folded, taped or stapled for protection equivalent to a heat sealable enclosure
- Does not need to contact metal to protect since the vapours diffuse into the entire enclosure
- Eliminates the need for expensive, messy and greasy procedures
- Film is transparent so the product is visible at all times
- Has no coating and will not flake, stick, damage or soil products
- Protects when used with acid bearing packaging like corrugated board, chipboard, and wood
- Inhibitors will not affect the electrical or mechanical properties of the packaged components
- May be used with neutral or light rust preventative oils
- Long life with no special handling required
- Comes in specialized sizes and forms to meet specific needs
- Protects both ferrous and non-ferrous metals

APPLICATIONS

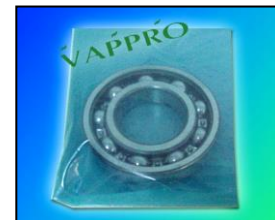

- Tools, spare parts and components
- Bin and box liners
- Motor and mechanical controls
- Electrical equipment and controls
- Long tubular products and pipes
- Interleaving
- Parts, components and completed assemblies during shipping and storage

PHYSICAL PROPERTIES

Thickness	2-8 mils (50 to 200 microns)
Form	Extruded Polyethylene Sheeting, Shroud, Tubing, Heat Sealable Bag, Re-closeable Bag, and Shrink Film
Appearance	Blue Transparent Film

DIRECTIONS FOR USE

Insert product in bag or pouch
 For VCI sheeting the product should be completely wrapped or shrouded
 Close securely to prevent entry of moisture and air

PACKAGING

Recloseable Bags	
3" x 5" x 4mil	Custom order only
4" x 6" x 4mil	Custom order only
6" x 9" x 4mil	1000 bags/case
10" x 12" x 4mil	1000 bags/case
12" x 18" x 4mil	500 bags/case
Heat Sealable Bags	
6" x 9" x 4mil	1000 bags/case
10" x 12" x 4mil	1000 bags/case
12" x 18" x 4mil	500 bags/case
18" x 24" x 4mil	250 bags/case
24" x 30" x 4mil	250 bags/case

Roll Sheeting Film	
36" x 500' x 4mil	42 rolls/skid
48" x 500' x 4mil	36 rolls/skid
12' x 250' x 4mil	20 rolls/skid
20' x 100' x 4mil	20 rolls/skid
Roll Shrink Film	
20' x 100' x 6mil	30 rolls/skid

(Custom sizes available upon request)

Manufacturing Facility
 1450 Government Rd., West
 Kirkland Lake, ON
 P2N 2E9 Canada
