

Your Corrosion Solution

PRODUCT INFORMATION

VAPPRO 9815 GUN LUBE

Function: Vapour Corrosion Inhibitor (VCI)	Application: Firearm Oil and Lubricant	Form: Liquid
--	--	------------------------

VAPPRO 9815 Gun Lube anti-corrosion lubricant is a slightly viscous amber oil fortified with VCI and an anti-oxidation inhibitor.

VAPPRO 9815 Gun Lube has excellent corrosion protection, lubrication and cleaning properties. It is widely used by the military for lubrication and the corrosion preservation of small arms.

VAPPRO 9815 Gun Lube preservative lubricant is ideal for use on small arms and artillery in all climate conditions.

VAPPRO 9815 Gun Lube does not attack plastic or rubber materials. In addition, it has excellent anti-oxidation properties even in the presence of copper.

FEATURES

- Excellent corrosion inhibition properties
- Fortified with vapour corrosion inhibitors (VCI)
- Does not attack plastic or rubber materials
- Good anti-oxidation properties
- Suitable for both short and long-term protection of weapons against corrosion during storage
- Weapons can be cleaned and left in a “ready-to-go” condition
- Improves operational readiness
- Extends the life of the weapon
- Lowers the frequency of weapon maintenance
- Easy to apply

PHYSICAL PROPERTIES

Appearance	Clear slightly viscous liquid
Odour	Very mild
Flash Point	150 °C
Film Thickness	4 Microns

PACKAGING

- 20L Pail
- 200L Drum

Manufacturing Facility
1450 Government Rd., West
Kirkland Lake, ON
P2N 2E9 Canada
